

Re: Docket# 98N-1038, "Irradiation in the Production, Processing,  
and Handling of Food."

I want the FDA to continue prominent labeling of food that has  
been treated with irradiation. The label should be conspicuous and  
include the logo for irradiation.

Your Signature:

*Janelle Bims*

Additional comments:

*I also do not want  
genetically engineered food allowed -  
and especially not labeled as "organic"*
